HKUST Engineering is No. 1 in Greater China and World’s No. 21

The prestigious Times Higher Education (THE) World University Rankings of Top 100 Universities for Engineering and Technology 2013-14 ranked the Hong Kong University of Science and Technology first in Greater China and 21st globally. HKUST has hit the No. 1 spot in Greater China for three straight years. Read More

Honoring Students’ Academic Excellence at Dean of Engineering Scholarship Presentation Ceremony

An elite group of 158 first year engineers at the School of Engineering were honored for their academic excellence at the Dean of Engineering Scholarship Presentation Ceremony 2013, which was held on 27th and 28th Nov on campus. Read More

HKUST Establishes Partner State Key Laboratory to Advance Research in Advanced Displays and Optoelectronics Technologies

The Hong Kong University of Science and Technology, in collaboration with Sun Yat-Sen University, has established the "Partner State Key Laboratory on Advanced Displays and Optoelectronics Technologies (PSKL)", following approval from the Ministry of Science and Technology of the Central Government. Read More

HKUST and UNESCO-IHE Partnership to Apply HKUST-developed Sewage Treatment Technologies to Tackle Water Scarcity in Cuba

The UNESCO-IHE Institute of Water Education (UNESCO-IHE) formed a partnership with the Hong Kong University of Science and Technology under an international consortium to undertake a three-year water-saving project, including the adaptation of HKUST’s innovative urban water management system for Cuba. Read More

HKUST Electronic Engineers Honored for Novel High-speed Energy-saving Transistors

A research team led by Prof Kei May Lau, Chair Professor in the Department of Electronic and Computer Engineering, has developed a novel

Industry Engagement

Ford and HKUST Announce Student Winners of Conservation and Environmental Research Grants

Ford Motor Company announced the first recipients of its Ford-HKUST Conservation and Environmental Research Grants program, awarding 23 Master of Science students from the University’s School of Engineering with research funding totaling HKD1 million. Read More

HKUST Partners with Infiniti to Nurture Young Engineering Innovators and Boost Collaborations

The Hong Kong University of Science and Technology and Infiniti Motor Company Limited entered into a cooperation agreement, centering on the new Infiniti Performance Engineering Academy. Read More

Faculty Achievements

Prof Charles Ng Received International Honor in Geotechnical Engineering

Chair Professor of Civil and Environmental Engineering Prof Charles W.W. Ng and his former PhD student Dr S.Y. Peng, together with two collaborators from Tianjin University, were named the 2013 recipients of the Pilkington Prize. Read More
Awards by the National Research Council Canada (NRC). Read More

Three Engineering Professors Elected Prestigious IEEE Fellows

Three professors from the Department of Electronic and Computer Engineering were recently elected 2014 Fellows of the Institute of Electrical and Electronics Engineers (IEEE), bringing the total number of IEEE Fellows at the School of Engineering to 33. Read More

“Match-making” technology to deposit next-generation high-speed energy-efficient transistors on silicon using high-mobility compound semiconductor materials. Read More

Teaching Excellence

Exemplary Teaching Recognized

Three faculty members from different departments have been honored in the School of Engineering Teaching Excellence Appreciation Award 2012-13. Read More

Students Technology Challenge Cup Competition

A Breakthrough for HKUST Teams in the 13th National University Students Technology Challenge Cup Competition

Six student teams from the HKUST School of Engineering and School of Science won one First Class Award, three Second Class Awards and two Third Class Awards in the 13th National University Students Technology Challenge Cup Competition. Read More
