Greetings from the Dean

2015 is set to be another fantastic year for the School as we are now advancing into our 24th year. With the hard work of our faculty, students and alumni over the past years, the School has already achieved significant accomplishments in many fronts, including our pioneering programs, groundbreaking research, international standing, intake quality, and student diversity. We see lots of opportunities and a bright future ahead and we are ready to move to a new level of excellence and generate impact on a world scale.

We look forward to actively engaging the SENG community and strengthen the bonding as we take exciting strides to achieve our goals.

Dean's Message

HKUST Brings Home Two Awards From First ‘Oscars’ of Higher Education Innovation

Prof Ting Chuen Pong and his team secured two awards at the inaugural Wharton-QS Stars Awards 2014: Reimagine Education, an event that drew more than 425 universities and enterprises from over 40 countries. The contest was organized to recognize and share higher education innovations worldwide, enhance learning and nurture employability.

Faculty Achievements

HKUST Ranks 16th Worldwide in Global Survey on Employability of Graduates

HKUST has risen two places to rank #16 in the high-profile annual Global Employability University Survey and Ranking 2014, as reported by the New York Times. HKUST remains No. 1 in Greater China. The survey polled 4,500 recruiters and executives from 20 countries including the United States, China, Japan, Britain, Mexico, Morocco, Spain and others from Europe, over half came from the leading 1,000 companies.

Academic Excellence

Come Visit the Newly-Opened Graduate Commons

The Graduate Commons at Room 5589, Lift 29-30 is now opened for postgraduate students to use. The fully-furnished Commons serves as a platform to connect people, ideas and experiences. It will be an ideal place where students across different disciplines have intellectual, cultural and social exchange. Fully-equipped and cozy, the Commons is set to be a popular place for inspiration and innovation.

Campus News

Two HKUST Electronic and Computer Engineering Professors Elected IEEE Fellows

Prof Pascale Fung and Prof Patrick Yue of the Department of Electronic and Computer Engineering at HKUST were elected Fellows of the prestigious Institute of Electrical and Electronics Engineers (IEEE) for 2015, bringing the total number of IEEE Fellows at HKUST to 35.

Student Achievements

HKUST Students Won in National Aircraft Design Competition

On 11 November 2014, five HKUST students (Haoran Chen, Chi Cheung Choi, Michelle Jia Ying Lee, Yuyang Xie and Yuanhang Zhu) from the Department of Mechanical and Aerospace Engineering received second-prize for their light sport aircraft design, ‘Soaring Dragon’, at the 10th Airshow China in Zhuhai.

Innovation of Engineering

Students Recognized in International Event

A student team supervised by Prof Yi-Kuen Lee, Mechanical and Aerospace Engineering, received the Global Youth Innovator Award at the 2015 iCAN Consumer Electronics Show (CES) held in Las Vegas on 6-9 January.

MPhil Students Won Championship at Healthcare Designathon Competition

Four students Jitesh Chhabria, Phillip Chan, Derek Yip and Yang Xi of the MPhil Program in Technology, Leadership and Entrepreneurship (TLE) won Champion at the first Healthcare Designathon Competition. The winning team NGgear designed the product, namely “Fit-Kick”, for athletes to improve performance and prevent injuries.
Alumni Achievements

DJI Phantom 2 Vision+ Selected as one of the Top 10 Gadgets of 2014 by TIME Magazine

The Phantom 2 Vision+ developed by DJI Innovations, an Electronic and Computer Engineering (ECE) spinoff company founded by ECE undergraduate and MPhil alumnus Mr Frank Wang, was selected as one of the Top 10 Gadgets of 2014 by TIME Magazine. Read More

School of Engineering Unveils its New SENG Video

Explore the School’s new video which captures the dynamic, forward-looking and innovative spirits of the School as a world-class engineering powerhouse.

ECE Graduate Won Two Awards for PiCode Project

2014 Electronic and Computer Engineering MPhil graduate Mr Wenjian Huang has won the "Gold Award for IoT Revolution Concept" in the Hong Kong Li-21 Internet of Things (IoT) Awards 2014 and the Best Research Award at the Hong Kong-Taiwan IoT Academia Award 2014. Read More

Upcoming Event

Aero Day

The Department of Mechanical and Aerospace Engineering is sponsoring the HKUST Student Chapter of The American Institute of Aeronautics and Astronautics (AIAA) to organize the first Aero Day on promoting the students’ interests in Aerospace Engineering. Major local and international aviation companies including Cathay Pacific, Boeing, HAECO, HAEISL, etc. will be coming to display their work in the field. The event will be concluded with an AIAA Distinguished Lecture by Dr Susan Ying who is a Fellow of the AIAA and VP-International serving on the Board of Directors.

Date: 24 Feb 2015 (Tue)
Time: 12:30pm - 8pm
Venue: Engineering Commons and LT-F (Distinguished Lecture), HKUST Campus
Organizer: Department of Mechanical and Aerospace Engineering
Program and activities: Displays, talks, flight simulation

Students Won Gold Prize Award at HKEIA Innovation & Technology Project Competition 2014

Students Kai Chun Chan, Wing Cheong Chung and Kwok Keung Lee, all from Electronic and Computer Engineering, developed the “3D Augmented Reality System of Online Shopping” as their final year project and won the Gold Award in the 2014 HKEIA Innovation and Technology Project Competition. Read More

Announcement

Appointment of Director of Engineering Education Innovation Center

The School of Engineering is pleased to announce that Prof Ting Chuen Pong, Professor of Computer Science and Engineering, has taken up the post of Director of the Center for Engineering Education Innovation (E²I), following the retirement of Prof Neil Mickleborough, Civil and Environmental Engineering, with effect from 1 January 2015.
